Act No. 42 of 2011.

THE HIMACHAL PRADESH ENTERTAINMENTS DUTY (AMENDMENT) ACT, 2011

(AS ASSENTED TO BY THE GOVERNOR ON 3RD OCTOBER, 2011)

AN

ACT

further to amend the Himachal Pradesh Entertainments Duty Act, 1968 (Act No. 12 of 1968).

BE it enacted by the Legislative Assembly of Himachal Pradesh in the Sixty-second Year of the Republic of India as follows:—

1. Short title.—This Act may be called the Himachal Pradesh Entertainments Duty (Amendment) Act, 2011.

2. Amendment of section 2.—In section 2 of the Himachal Pradesh Entertainments Duty Act 1968, after clause (a-v), the following new clause shall be inserted, namely:-

“(a-vi) “DTH(Direct to Home)” means a system of reception of satellite programmes with personal dish antenna and Set-Top-Box consisting of broadcasting center, satellites, encoders, multiplexers, modulators and DTH receivers for exhibition or transmission at a residential or non-residential place of a connection holder on payment;”.

HIMACHAL PRADESH ELECTRICITY REGULATORY COMMISSION SHIMLA

NOTIFICATION

Shimla, the 30th September, 2011

No. HPERC/437 (VI).—Whereas section 23 of the Electricity Act, 2003 provides that if the Appropriate Commission is of the opinion that it is necessary or expedient so to do for maintaining the efficient supply, securing the equitable distribution of electricity and promoting competition, it may, by order, provide for regulating supply, distribution, consumption or use thereof;

And whereas sub-section (1) of section 42 of the Electricity Act 2003 provides that it shall be the duty of a distribution licensee to develop and maintain an efficient, co-ordinated and economical distribution system in his area of supply and to supply electricity in accordance with the provisions contained in this Act;

And whereas clause 5.9.6 of the National Electricity Policy provides that in order to reduce the requirements for capacity additions, the difference between electrical power demand during peak periods and off-peak periods would have to be reduced. Suitable load management techniques should be adopted for this purpose. Differential tariff structure or peak and off peak supply and metering arrangements (Time of Day metering) should be conducive to load management objectives. Regulatory Commissions should ensure adherence to energy efficiency standards by utilities;

Now, therefore, in exercise of the powers conferred by sub-section (1) of section 181, read with section 23 and sub-section (1) of section 42 and clause (zp) of sub-section (2) of section 181, of the Electricity Act, 2003 (36 of 2003) and all other powers enabling it in this behalf, the Himachal Pradesh Electricity Regulatory Commission, after previous publication, hereby makes the following Demand Side Management regulations, namely:-

The Himachal Pradesh Electricity Regulatory Commission Demand Side Management Regulations, 2011

1. Short title, applicability and commencement.

(1) These regulations may be called the Himachal Pradesh Electricity Regulatory Commission (Demand Side Management) Regulations, 2011.

(2) These Regulations shall be applicable to all the distribution licensees in the State of Himachal Pradesh in their respective areas of supply.

(3) These regulations shall come into force from the date of their publication in the Rajpatra, Himachal Pradesh.

(4) These regulations shall be construed harmoniously with the Himachal Pradesh Electricity Regulatory Commission (Terms and Conditions for Determination of Wheeling Tariff and Retail Supply Tariff) Regulations, 2011.

2. Definitions.

In these regulations, unless the context otherwise requires,-

- (1) "Act" means the Electricity Act, 2003 (36 of 2003);
- (2) "Baseline data" means the initial base level consumption and/or demand for electricity for the Utility as a whole, targeted segments and at end use level, as the case may be before a DSM programme begins to provide a starting point for comparison for assessing programme impact;
- (3) "Bureau" means the Bureau of Energy Efficiency established under subsection (1) of section 2 of the Energy Conservation Act, 2001 (Act No. 52 of 2001);
- (4) "Central Commission" means the Central Electricity Regulatory Commission referred to in sub-section (1) of section 76 of the Act;
- (5) "Commission" means the Himachal Pradesh Electricity Regulatory Commission referred to in sub-section (1) of section 82 of the Act;
- (6) "Demand Side Management" or "(DSM)" means the measures taken by a distribution licensee affecting the activities beyond the consumer's meter, with the objective of altering the end-use of electricity - whether it is to increase demand, decrease it, shift it between high and low peak periods, or manage it when there are intermittent load demands- in the overall interests of reducing the distribution licensee costs by making economic use of utility resources;
- (7) "DSM Master Plan" means the comprehensive demand side management plan prepared under regulation 5 and approved by the Commission;
- (8) "DSM Programme" means a demand side measure designed, developed and implemented by the distribution licensee;
- (9) "DSM Resource Acquisition" means a mechanism to implement DSM projects through customers, Energy Service Companies, Non-Government Organisations, manufacturers/suppliers, or other private sector organizations, with payment made to them by the distribution licensee for the resultant energy and load reductions;
- (10) "Energy Efficiency" or "EE" means activities or programmes that stimulate customers to reduce energy use by making investments in more efficient equipment or control that reduce energy use while maintaining a comparable level of service as perceived by the customer;
- (11) "Energy Services Company" means a company which is in the business of providing energy efficient and load management equipment and/or services to enduse customers and is approved by the Bureau;
- (12) "Evaluation, Measurement and Verification or "(EM&V)" means activities which evaluate, monitor, measure and verify performance or other aspects of DSM and/or energy efficiency programmes or their market environment;
- (13) "Licensee" means the distribution licensee in the State of Himachal Pradesh;
- (14) "Load Research" means an activity embracing the measurement and study of the characteristics of electric loads to provide a thorough and reliable knowledge of trends, and general behaviour of the load characteristics of the customers serviced by the electrical industry;
- (15) "Monitoring and Reporting" means activities which monitor and evaluate the progress of DSM and / or energy efficiency programme of the Distribution Licensee.

(16) “State Designated Agency” or “SDA” means the agency designated by the State Government under clause (d) of section 15 of the Energy Conservation Act, 2001 (Act No. 52 of 2001).

(17) the words and expressions used in these regulations and not defined herein but defined in the Act or the regulations issued by the Central Commission or any other regulations issued by the Commission, shall have the same meaning assigned to them respectively in the Act or such regulations issued by the Central Commission or such other regulations issued by the Commission.

3. Objectives.

The objectives of these regulations are:-

- (a) to make DSM an integral part of the day-to-day operation of the licensee and undertake planning, designing and implementation of appropriate DSM programmes on a sustainable manner;
- (b) to make strategic energy conservation, load shifting and pricing initiatives including power factor correction, time of use tariff as the main objective of the licensee.
- (c) to ensure implementation of DSM measures formulated by the Government of Himachal Pradesh from time to time.
- (d) to make DSM measures in the State of Himachal Pradesh consistent with the National DSM Objectives /Plans formulated by the Bureau.

4. Target/ Goal setting.

(1) The Commission shall set up annual DSM targets in mutual consultation with the licensee taking relevant factors into consideration.

(2) While setting up the annual DSM targets under sub-regulation (1) the Commission shall consider the technical potential in the State of Himachal Pradesh as assessed by the DSM Master Plan.

5. DSM Master Plan.

(1) The licensee shall, within 6 months from the commencement of these regulations, prepare a comprehensive draft of DSM Master Plan and submit the same for the approval of the Commission.

(2) The distribution licensee shall prepare DSM Master Plan initially for a period of 5 years and subsequently for the periods as may be directed by the Commission from time to time.

(3) The draft of DSM Master Plan shall act as a reference document for the licensee while preparing the annual DSM programme for the State of Himachal Pradesh.

(4) The draft of the DSM Master Plan shall include the following, namely :-

- (a) Demand forecasting study,
- (b) Load research, establishment of baseline data,
- (c) Walk through Energy audit,
- (d) Identification of DSM options,
- (e) Cost benefit analysis of each of the DSM options,
- (f) Pricing options for DSM,
- (g) Financing DSM options,
